## Labour Market Information

Labour market information tells you:

- Which jobs are likely to be easiest or hardest to find in your area
- Which are the big employers in different areas and which ones have jobs on offer
- What skills employers are looking for and which are in short supply
- How much you can expect to be paid in specific jobs
- What working conditions are like
- What qualifications will be most helpful if you want a certain career
- What the jobs of the future might look like and which jobs might disappear

All of these things can help you make a more informed decision about what career path to take.
